

2.7.1 Student Satisfaction Survey (SSS) on overall institutional performance (Institution may design the questionnaire) (results and details be provided as weblink)

The IQAC of the institution focuses on students satisfaction and welfare. In order to know that the students learning on the campus are satisfied with teaching, learning and testing as well as other facilities, the institution prepares different questionnaires to be answered by students. These questionnaire are related to teaching, learning and testing, office library, sports and infrastructure. These questionnaires are handed over to the students at the end of first term. The concerned committee does all the work in this matter. The collected questionnaires have been analyzed and the conclusions are notified to the Principal. These questionnaires and their outcomes are uploaded on the institution's website.
